TERMS

All prices in this catalogue subject to change without notice.

All seed orders sent prepaid to U. S. points at catalogue prices.

Air mail Delivery will be made on request if 8c per ounce is allowed for postage, which includes shipping envelopes.

Only Trade Packets are listed.

RETAIL PACKETS ARE SOLD AT HALF THE TRADE PACKET PRICE

All items in this catalogue are offered subject to crop failures and shortages.

We use every precaution to supply seeds of highest quality only, and promptly refund price paid for same if unsatisfactory with reasonable care.

All seeds sold under Seedsman's disclaimer as follows:

DISCLAIMER—All growers know that success with seeds depends largely upon weather and general germination conditions; so, in accordance with the universal custom of the seed trade, we, GULDEMOND'S, give no warranty, express or implied as to productiveness of any seeds, bulbs or plants we send out, and we will not be in any way responsible for the crop. Our liability, in all instances, is limited to the purchase price of the seeds, bulbs or plants.

**Suggestion For Sowing Seeds During the
Summer Months**

During the hot months of July and August fine seeds such as Calceolaria, Cineraria, Snapdragon, and finer perennial seeds, etc., should be sown in flats (as usual) and the flats placed in a cool basement until the seedlings sprout, then taken to greenhouse and some cheesecloth placed over them until the seedlings are of sufficient strength to have it removed.

CLARKIA, Elegans

FLORA PLENA

Planted for cutting in and outdoors. Plants should be starved, when planted indoors, or planted in shallow benches.

ALBATROSS, pure white

COLOSSEA. The large heads of flowers are
carried on long stiff stems, well above the
foilage. It is valuable for early fociing. Flow-
ers sometimes are nearly 2 in. across. The
color range is also remarkable, as it includes
many new shades; pink, copper, lilac, as well
as the deepest red. 2.50GIANT BOUQUET. A beautiful development
of this old garden favorite. Very large flow-
ered, produced in great numbers, most colors
are represented in the range from pure white
on. Excellent for cutting and one of the most
attractive plants in the garden. 2.50MONARCH STRAIN. Re-selected. Flowers are
produced from a stiff and strong central stem
and not like the old strain which produced a
loose head. Strong and vivid colors predom-
inate. 2.50MUNSTEAD STRAIN. Large flowered, con-
taining fine shades in white and yellow. 2.50

RED SHADES. Giant flowered. 1.50

ALL VARIETIES, except where noted—
pkt. 25c; 1/2 oz. 75c; oz. 1.25

TURNIP

EARLY PURPLE TOP MILAN. 42 days. Flat, white fleshed.

PURPLE TOP WHITE GLOBE. 57 days. Globe shaped, white fleshed.

MACOMBER. 76 days Large white fleshed. Best winter keeper.

RUTABAGA AMERICAN PURPLE TOP.
90 days. 5" through. Yellow flesh.
pkt. 15c; oz. 40c; 1/4 lb. 90c; lb. 2.50

GLADIOLUS

In buying direct from the grower, you have the assurance of quality bulbs grown especially for the wholesale trade from young, vigorous stock. You are assured of high-crowned true-to-name bulbs, accurately graded, hand selected; clean and healthy — thrips free. These bulbs cannot fail to produce top grade flowers.

Delivery can be made any time from Dec. 1st to May 15th; and you may be assured that every effort will be made to handle your order efficiently, promptly and to your entire satisfaction.

Dust with DDT for protection against insects. To prevent thrips infestation, we recommend dusting with 5% DDT once a week, starting when the plants are 6 inches high, until the flower spikes appear. Wettable DDT sprays may be used. Follow manufacturer's recommendations.
